

SURIYA PRAKASH M

Chennai, Tamil Nadu | suriyaprakash20001@gmail.com | +91 93445 15110 | [linkedin.com/in/suriyaprakash11](https://www.linkedin.com/in/suriyaprakash11) | github.com/SuriyaPrakash011 | suriyaprakash.vercel.app

CAREER OBJECTIVE

Recent B.E. Computer Science Engineering (AI & ML) graduate (2026) with hands-on experience building and deploying end-to-end machine learning systems, including a resume classifier (99.4% accuracy) and a real-time sign language interpreter (95% accuracy). Proficient in Python, TensorFlow, Scikit-Learn, and cloud-based AI solutions, with growing experience in LLM-based applications using LangChain and RAG pipelines. Seeking an entry-level Machine Learning / AI Engineer role to apply practical ML skills to production-grade problems.

EDUCATION

Sethu Institute of Technology — B.E. Computer Science Engineering (AI & ML) Sept 2022 – May 2026
CGPA: 7.48 / 10

CEOA Higher Secondary School — Higher Secondary Education June 2020 – May 2022
Percentage: 75%

Sarva Seva Matriculation School — SSLC Sept 2019 – May 2020
Percentage: 75%

SKILLS

Programming Languages: Python, Java

Databases: MySQL, MongoDB

Web Technologies: HTML5, CSS, JavaScript (Fundamentals), JSON

Cloud: AWS (Fundamentals), Google Cloud Platform (GCP)

Machine Learning & AI: Machine Learning, Deep Learning, TensorFlow, PyTorch, Scikit-Learn, Transformers, BERT

LLM & GenAI: LangChain, RAG (Retrieval-Augmented Generation), Prompt Engineering, Groq API, Claude API

Data Science: Data Analysis, Data Preprocessing, Model Evaluation, NumPy, Pandas, Matplotlib, TF-IDF

NLP & Computer Vision: NLTK, OpenCV, MediaPipe

Deployment & Tools: Flask, FastAPI, Streamlit, Git, GitHub, Vercel, Playwright

PROJECTS

Autonomous Job Application Agent

- Built an AI agent that autonomously searches, filters, and applies to job listings using Playwright for browser automation and the Claude API for decision-making.
- Integrated Google Sheets for structured application tracking and logging.

Tools Used: Python, Playwright, Claude API, Google Sheets API

Sign Language Interpreter

- Developed a real-time hand gesture to text & speech translator using OpenCV and MediaPipe.
- Achieved 95% accuracy across 26 ASL alphabets using PyTorch.
- Deployed as a browser-based web app using Flask with minimal latency.

Tools Used: Python, OpenCV, MediaPipe, PyTorch, Flask, HTML5

Resume Classifier

- Developed an AI-powered resume screening system classifying resumes into 25+ job categories with 99.4% accuracy.
- Performed extensive data preprocessing, feature engineering, and text cleaning using NLP techniques.
- Utilized TF-IDF vectorization and machine learning algorithms for classification and evaluation.
- Processed 1,200+ resumes and reduced manual HR shortlisting time by 80%.

Tools Used: Python, Pandas, NumPy, Scikit-Learn, NLTK, Machine Learning

KYC Document Verification System

- Built an automated KYC document verification pipeline using Tesseract OCR to extract and validate identity information.

Tools Used: Python, Tesseract OCR, OpenCV

CERTIFICATES & ACHIEVEMENTS

- Artificial Intelligence with Python (Intermediate Level) — Infosys Springboard
- Data Analysis with Python — IBM Cognitive Class / Coursera
- Robotics and Automation — Zetspire Technologies
- Git Training — Simplilearn
- Microsoft Certified: Azure AI Fundamentals (AI-900)
- Best Performer — BYTZTROM'25 Hackathon
- 1st Prize, Code Beat — TECHBIZ'25 Symposium
- 2nd Place, Puzzle Web & Brainybucket — Gyan Mitra'25, Mepco Schlenk Engineering College
